Assessor Comments	8 exceptionally quiet, young Angus and Angus cross 2nd calvers, PTIC to a Black Limosuin Bull for an August calving. These moderate framed heifers are proving to be very good mothers and have put everything into their first calves which have only just been weaned at assessment. They were a pleasure to handle in the yards. All the hard work has been done with these heifers, animal health is all up to date and I would think they would grow into moderate framed easy to handle cows.
