Assessor Comments	On offer is a nice line of 25 Angus heifers that are preg tested in calf to Tulagi Angus Bull. These heifers present very well after having been running on dryland lucerne hill. They were purchased out of Carcoar Blue Ribbon Weaner Sale in Aut last yr and grown out. These heifers all had breeding details when purchased but didnt record. They were good to handle in yard and through crush. Majority will calve over 4 weeks. Will fit on a neat deck load. About 4 heifers have little bit of white patch between udder and naval. Vendor is also offering bull and pen of c+c.
