	Well handled heifers that worked through the yards easily at assessment. An odd heifer got agitated in the crush but seemed to settle once back with their group.		
Handled With	Bikes , Dogs , Vehicles		

Assessor Comments	Very good quality Angus X Angus/Hereford Heifers with broken baldy faces and considered good enough to remain in the top group of joined heifers on Stonehaven. Herd originally based on females predominantly carrying MillahMurrah and TeMania bloodlines with recent infusions of Dunoon and Mundarlo Angus genetics. PTIC to selected Dunoon and Mundarlo LBW/Short gestation sires to commence calving late March/early April on a tight 6 week joining. Heifers present in excellent calving condition and are very well grown for their age. Great opportunity for any breeder/future breeder to add quality breeding females to their program as opportunities like this rarely arise.
