Assessor Comments	A very nice line of PTIC mature Angus cows that are very sound in all ways.These cows were purchased out of a complete herd dispersal in their respective age groups they were based on that very good Ardrossan blood and carry a positive Pregnancy test to a very good Ireland Angus bull. Cows have been classed for feet, udders, and mouthed to represent a very sound line of mature age breeders that would complement any Angus spring calving herd waiting to top up with quality Angus females.
