Assessor Comments	Perry Pastoral Holdings are offering a wonderful line of vendor bred PTIC Angus Heifers with the Landfall genetics running through them. These Heifers were born & raised on their King Island Property and relocated to their property in the rolling hills of Gippsland. Presenting in forward/store condition with a medium/large frame, structural soundness. They present a great opportunity to purchase quality genetics and would complement any high end commercial operation. PTIC to the Landfall Bulls to calve in the spring.
