Assessor Comments	A very nice line of 2.5 year old Autumn calving Charolais/Angus heifers. Bred from an outstanding herd of Banquet and Pathfinder blood cows sired by Monument Charolais sires and PTIC to selected low birth weight Hazeldean bulls which went in for 7 weeks from the 7/6/23. These heifers present in forward to prime condition and show excellent length and depth of body with the shape you would expect in Charolais AngusX females. Quality young females that will produce for many years into the future. Please note Vendor has another 2 lots of Angus heifers in same sale.
