Assessor Comments	A neat line of Heifers that originated from "TRT Pastoral Group" Mansfield. Allendale blood heifers with calves at foot sired by registered Lawson Angus bulls, Lawson Momentous S6001, S6051 and S6142. The heifers are doing a very good job on calves at foot. They all have been correctly managed and handled. Calves are all tagged and marked, also up to date on vaccinations. Given the right opportunities these heifers will continue to grow alongside calves at foot, to date they have put much of their energy into calves. Present in store to forward store condition. Calves are even and in good fresh condition. Note 2 heifers with very slight eye scar which isnt considered to be a problem going forward. Note 2 heifers with horn throw back that have been tipped. all calves polled.
