	Heifers were fine to handle through out yards, but leading up to crush had a bit of 'run' in them. Once back out into yards were settled and easy to maneuver.

Assessor Comments	A beautiful line of Medium framed Angus heifers PTIC to 'TeMania' bld bulls. They present in good calving condition, as they have been running on improved rye and phalaris pastures. They will be an asset to anyone looking to replace older breeders or wanting to get into breeding quality Angus cattle. A true representation of the breed.
