Temperament

Yards	Crush	Paddock
Quiet: 8 head	Quiet: 7 head Slightly Stirry: 1 head	Quiet: 8 head

Very easy cattle to handle. They have had a lot of exposure to handling and yards with regular rotational grazing patterns and this also makes the cattle quiet. They were through the yards and every heifer just took their turn and stood on the scales. Only one heifer moved on the scales during the whole process. Exceptionally quiet

Handled With	Bikes , Vehicles , 4 wheel bike
Assessor Comments	All the Yala Yala cattle are well handled and a pleasure to work. A wonderful opportunity to secure quiet cattle to establish a herd or to add to any established herd heifers with a dash of Simmental for milk and growth. They are in sensational condition to go into calving. Big bold well-conditioned heifers for a lifetime as quality breeders. Highly recommended for those looking for quality cattle. Blackstone Angus bulls in 3/7 to expect calves on or about 11th of April perfect for the opening rains. Most of these heifers will be 50% of Simmental blood.
