| Assessor Comments            | Quality young Australian White, classed in ewe lambs. Great opportunity to secure young ewes displaying good length of body, shape and shedding ability. Excellent growth for age ready for an Autumn joining. Regretful sale, ewes usually retained in the core breeding flock only selling due to seasonal conditions. Excellent opportunity to enter the Australian White breed or to add to an existing flock. 100 % Australian white genetic, vendor has used Red Hill Australian White rams for past 14 years, purchasing out of the top end of the on property ram sale. Vendor has concentrated on breeding good quality Aussie White sheep concentrating on carcase quality and shedding ability. Note Vendor has 1 other lot in this sale (younger sisters to this lot) Note small percentage of ewes carrying brown or black spots on body (see pictures) |     |                |     |               |      |                 |      |  |
