Assessor Comments	Quality young Australian White, classed in ewe lambs. Great opportunity to secure young ewes displaying good length of body, shape and shedding ability. Regretful sale, ewes usually retained in the core breeding flock only selling due to seasonal conditions. Excellent opportunity to enter the Australian White breed or to add to an existing flock. 100 % Australian white genetic, vendor has used Red Hill Australian White rams for past 14 years, purchasing out of the top end of the on property ram sale. Vendor has concentrated on breeding good quality Aussie White sheep with carcase and good shedding ability. Note Vendor has 1 other lot in this sale, (these are the younger sisters to the other lot in the sale). Note small percentage of ewes carrying brown or black spots on body (see pictures)
