Assessor Comments	A great line of proven breeders. These ewes present very well showing large frame stretch and idea condition for joining to the ram of choice. These ewes are bred for both wool and meat production and cut 4kg of clean bright wool at 9 months this year and raised a very good lamb. Vendor get a very good lambing percentage every year. These ewes are large frame and come highly recommended. Sell only due to number of stock on hand and making room for crop rotations. Vendors are well know in the area for having quality livestock. Vendor also runs Pinehill livestock carriers so is willing to deliver at a agreed price to the purchaser.
