Heifers ranged from 209kg to 337kg to average 263kg at assessment with a 12 hour curfew. These heifers are best described as medium to large frame relative to age and have excellent temperament. Heifers are all in forward store condition and would suit as future breeders or to be grown out to heavier weights given the opportunity to green feed. At assessment 1 x heifer was noticed old fly bites on neck but not seen as detrimental. ** Please note delayed delivery due to vendors commitments**
