Assessor Comments	A line of good to very good quality Angus and Angus cross heifers. These heifers were purchased in July 2023 as one line directly from the breeder and have been on agistment in Yuleba forestry country since being trucked back to the vendors property last Friday (23/02/2024). These heifers have the quality and temperament suitable for breeding purposes. Alternatively these heifers present in store condition with plenty of frame and would be suitable to feed as trade heifers or background through to heavy feedlot or kill weights. Please note vendor also has another line of lighter heifers in the sale as well.
