Assessor Comments	A line of good quality Angus and Angus cross heifers, with a quiet temperament and well educated. These heifers were purchased in May 2023 and have been on agistment in the Killarney area since, being trucked back to the vendors property last Sunday (25/02/2024). Due to a very wet summer these heifers have not performed as well as might be expected and present in light store condition. These heifers would be suitable to background through to replacement breeders feedlot entry weights. Please note vendor also has another line of heavier heifers in the sale as well.
