	Cattle worked well throughout home yards and flowed well. Small percentage become unsettled whilst being assessed but become settled once released. One steer was also agitated whilst photos were taken in a larger yard which caused other steers to follow.

Notable Traits	Traits
	2 Head Pink eye
Assessor Comments	Ideal cattle to background and to grow out to future heavy feeder steers. Cattle have plenty of frame and are not carrying any excess condition. Steers are out of a quality Angus cow line and are by quality well known Speckle park bulls. Cattle that would be ideal to put away and bring out for the upcoming oat season. (Please note 2 steers were treated for pink eye at assessment and will be retreated at delivery if need be but will NOT be pulled out. Also note vendor has multiple lots in same sale.)
