Assessor Comments	Good to very good line of unweaned heifers comprised of Angus, Angus X Santa, and Charolais X Santa. In a forward condition, these heifers should continue to perform under the right circumstances. By quality Angus sires and out of large frame cows these heifers could be considered for a breeder article in the future or grown out and slipped into the feedlot. Good to handle at assessment, so fair to consider they will wean off as a tractable article. NOTE: 2 claves presented with pink eye and were treated at assessment. *Vendor has multiple Lots in sale.
