Assessor Comments	A very good line of unweaned heifers comprised of Angus, Angus X Santa, and Charolais X Santa. They are growing out well and would be suitable to carry-on as quality future breeders or slip into a feedlot job. Vendors source quality sires for their large framed cows, making these heifers a potential female breeder option. Heifers handled well through the yards considering they are unweaned calves, not showing adverse temperament issues. NOTE: 5 Heifers presented with pink eye and were treated at assessment. * Vendor has multiple lots in sale.
