Sale of weaners, yard weaned and well handled Weaned in yards till delivery Treated with 5-1 x 2

Temperament	Yards	Crush	Paddock
	Quiet: 38 head	Quiet: 38 head	Temperament not assessed in Paddock

Handled With	cattle are well handled with dogs and horses. Weaners were drafted off mum and than redrafted at assessment. Generally the weaners were good to handle in the yards and crush Dogs , Horses
Assessor Comments	A very good quality line of steers sired by Kansas & Wattletop Angus bull. Grass fed & Antibiotic free Steers show good growth for age, softness and sound confirmation. Steers are in fresh store condition allowing for good weight gains given the right opportunity going forward. Steers would ideally target feeder markets or alternatively be carried to heavier weights to process. Steers whilst being on mothers have been well handled with dogs and horses. Vendor has one other lot in this sale to make 2 decks of cattle
