Assessor Comments	A quality line of Black and Black Baldy heifers. Out of very well bred and well regarded Hereford & Angus cow herd by Wrigley cattle Co sires. Heifers with great growth potential that show good bone and length. Cattle have been weaned since early November and have had the best possible early weaning program with firstly a high protein ration and then on to a background ration. Great opportunity to buy quality young cattle that have all the hard work done and should power ahead without a setback. Current average ADG is 0.6 on a predominantly roughage mix.
