Assessor Comments	This is even lot of 25 EU accredited weaned Angus steers. These steers display the attributes you would expect from nicely bred Angus cattle - length and bone. They were weaned Mid January and have running in series of small paddocks since. Easy steers to handle and well educated. They present with clean shiny coats and would be ideal to go onto crop. Very well bred by "Naracoorte Angus" Stud Bulls and out of home bred medium and large frame Naracoorte cows. "Naracoorte" cattle have a strong performance reputation and these should be no different. These steers should suit a wide range of purchasers and will thrive in all areas. A couple of steers had the slightest cloudy eye - not detrimental. NB Another lot of 26 Angus steers and lot of 27 Angus steers in same sale on property next door.
