Vendor Comments

Annual sale of our surplus NSM heifers. Heifers would generally be sold pre joining as unjoined heifers but were retained to add weight due to the good season currently being experienced.

Assessor Comments	Excellent quality line of NSM future breeders. They are bred from genuine large frame roomy females and will continue to mature the same way if given the opportunity. Heifers also equally suited to a feeder program if desired presenting with not too much condition. They come from a well-managed operation and have had zero access to bulls. Heifers were weighed 408-530kg at assessment and present even as a group and in forward store to slightly forward condition.
