Assessor Comments Offering a well bred line of future breeders ideal to join or fatten for the hook. Heifers in store condition but are on the do and should continue to improve given the time. Every heifer weighed 330kg full, with 25% tail removed. Heifers were purchased as 7-8 month old weaners out of "Welaregang Station" and are out of a well known Upper Murray cow herd. By Table Top & Dunoon bulls which were selected on growth and marbling traits, while still maintaining femininity. Please note: Approx 11 with cloudy eye/pinkeye scarring, 13 with warts on face and/or neck and 11 with white on belly/udders.
