Assessor Comments	A small line of well-bred F1 Wagyu/Angus mixed sex feeders. They are boasting plenty of frame & will perform well in any feeder program. The cattle are already feedlot trained, having received a supplementary ration consisting of; hay, silage, lupins & barley. They are out of large framed Angus cows & have been sired by high marbling wagyu fullblood bull (GOSFN0981). Buyers please note; one heifer has a small lump on the jaw, not deemed to be detrimental to her overall health and doesn't seem to worry her.
