Notable Traits	Traits 2 Head Old pink eye scar																
Assessor Comments	14 of the Mount Myrtoon heifers. These are all the Baldy Heifers the vendor bred, no heifers have been retained. These cattle are run at an extremely high stocking rate and will respond to feed. The heifers were weaned in October. These Heifers are carrying no surplus condition, you are buying all frame. They are by sons Aryvale Bartel E7 & Rennylea Edmond E11, Moolaboola and Danedite Bulls. There were two heifers observed with an old pink eye scar, not seen as detrimental, refer to photos. Some heifers have a bit of old ringworm scarring on their face, not seen as detrimental. The vendor advises the successful purchaser can leave the single red heifer out if they choose.
