Assessor Comments	A nice line of 12 hereford heifers. March/April 23 Drop. PCAS Eligible. Drench and vaccinated at weaning on 12/12/23. Weighed from 288-345kg to average 307.9kg at assessment. Vendor is a repeat buyer of the well known hereford Injemira sires. Well bred heifers that will be an excellent addition to any breeding program. Heifers are only being sold as they are surplus to vendors needs. Please note 1 of the heifers has slight pink eye scarring but it is not detrimental to their health.
Assessor	Brooke Green (Level 3 Accredited)
