Assessor Comments	A quality well-bred line of 49 March/April 2023 drop, Black Angus heifers, showing plenty of weight and growth for age. Heifers are in fresh forward store to forward condition and will continue to move forward. These heifers have a nice tight weight range and will be an ideal mob of future breeders or a capable mob of heavy feeder weight heifers. These heifers were paddock weaned on the 8th of January and were put onto fresh lucerne and natural pastures. The same vendor has a line of 57 black Angus steers on offer in the same sale.
