Assessor Comments	A well-bred quality line of 57 March/April 2023 drop Angus steers, showing plenty of weight and growth for age. These steers present in fresh forward store condition and with depth of bone and barrel, they will continue to grow out into large framed, heavy steers. This a complete drop with a small tail taken out of 2023 Autumn drop calves. These steers were paddock weaned on the 8th of January and put onto fresh lucerne and natural pastures. The same vendor has a line of 49 black Angus heifers to be offered in the same sale.
