Comment on Fat Score 1 Cattle: Heifers are in a strong store condition with minimal fat cover however are all fit and healthy and simply adjusting to green feed. no concerns trucking long distances. heifers have all been trucked as weaners and would anticipate no problems trucking in excess of 800km without spelling.

Vendor Bred: Yes

Stock History: Bred in light forest country north of Richmond and trucked to downs as weaners. All received a Botulism and worming at weaning. along with significant education.

Lifetime Traceable: Unknown

Bloodlines: Out of a herd of highly fertile soft Brahman and Brahman Cross cows by Charolais, Brangus, Droughtmaster and Brahman Bulls.

Grazing Conditions: Extensive body of fresh green Mitchell and Flinders Grasses on open black soil downs, large body of summer herbages and weeds throughout the paddock.

Returned same

Burr/Seed in Coat	No Burr or Seed of weeds declared noxious observed in the coats at assessment
HGP Status	The owner declares that the cattle have not been treated with HGP at any period of their lives
Eligibilities	Russian Eligible Saudi Eligible
J-BAS Score	6
Vendor Comments	A good quality line of 2023 second round weaner Heifers. Typically we would grow these girls out to backgrounder or feeder weights ourselves however have decided to spell country and conserve grass for 1st round weaners coming down this year.
Joining Details	Not Station Mated
Any Access To Bulls or Stags?	Yes, last access to bulls/stags: 04/03/2024
Joining Access Details	Running with their brothers of which 40hd where entires marked at assessment. entires averaged 200kg and would not expect either entires or heifers to be considered mature enough for conception.

Fair	8%				

Temperament

Yards	Crush	Paddock
Docile: 40 head Quiet: 120 head	Docile: 18 head Quiet: 133 head Slightly Stirry: 9 head	Quiet: 160 head

Very well educated weaners with extensive handling with dogs and bikes. Mustered easily in the paddock and worked through yards with no concerns at all. Small percentage turned around in the race or baulked at the scales however all walked over again easily and with little to no stress. 100% settled quietly and easily after drafting content to lay down and had to be pushed away for photos.

Handled With	Aerial (Helicopters, gyro's and planes) , Bikes , Dogs , Horses , On foot , Vehicles

Notable Traits

	Traits
20 Head	small percentage showing signs of ringworm
20 Head	small percentage with some fly irritation

Assessor Comments	A good quality line of weaned Heifers in store condition and ready to continue ahead. Heifers were weaned in October 2023 and have lost all their milk fat and are firing ahead on a fresh green body of predominately Mitchell and Flinders Grasses with summer herbage present. 100% vendor bred out of soft brahman and Brahman cross cows by Charolais, Charbray, Brangus, Droughtmaster and Brahman Bulls. Good medium frame Heifers that are well suited to southern markets being predominately good crossbred types with a small percentage showing higher Bos Indicus Content with minimal hump and cleaner coats. 100% weighed at assessment after 4 hours off feed and water with 4% curfew deducted for buyers piece of mind . Exceptional temperament and very well educated these Heifers are a pleasure to handle in both the paddock and the yards. All the hard work is done on these Heifers simply drop them in the paddock and watch them grow!
Assessor	**Ashley Naclerio (Level 1 Accredited)** Phone: 0400 448 679
