Very good to handle in the paddock and yards. The steers walked quietly through the pound and race to the crush. 18 were fidgety in the race and eager to exit however settle well when back in the mob.

Assessor Comments Very good quality Angus cross steers 14-18 months HGP Free. Bred from Angus/Santa/Angus cross & cross bred cows with most showing very high dominant Angus traits & characteristics in the main. Steers usually retained to heavy feeder weights however are being sold off agistment due to the light season. Steers with a lot of potential and opportunity to capitalize - good frame with scope to add weight. Approx 57 do not have an age brand however are true to age #3's
