	Very good to handle in the paddock and yards. The steers walked quietly through the pound and race to the crush. 16 were fidgety in the race and eager to exit however settle well when back in the mob.

Assessor Comments	Very good quality Santa & Santa cross steers 14-18 months HGP Free. Steers usually retained to heavy feeder weights however are being sold off agistment due to the light season. Steers with a lot of potential and opportunity to capitalize - good frame with scope to add weight. Very tidy and clean around the head. Approx 26 do not have an age brand however are true to age #3's
