Assessor Comments	Buyers on offer are 20 PTIC Angus cows in calf to the Wagyu bull ID, *3DWFM0158* please see Documents for full Pedigree. Cows stand on very good bone and show plenty of length and depth whilst still showing good feminine characteristics. Cows show all attributes to make a good line of replacement breeder being very well educated and quiet. Cows are only being sold due to going out of cows and going down the path of backgrounder cattle. Cows are all preg tested by Milne AG & Vet on the 26-02-2024 with cows being 4-6 months in calf making it a very tight calving window for intending buyers.* Buyers please note Wagyu Bull that has sired this lot of cows will be offered to the purchaser of the cattle*.
