Handled With	Bikes , Dogs , Horses , On foot , Vehicles																								
Assessor Comments	An even line of good quality Angus heifers, that are PTIC in a tight 6 week joining to commence calving 21st July. Joined to quality Ben Nevis sires that were selected specifically for Low Birthweight. Heifers are the progeny of a respected cow herd and enjoy a reputation for developing in to fertile matrons. Three heifers have slight blue eyes on a single side, three heifers have warts on face or neck , one heifers has a white birthmark above her nearside eye, and one heifer has a white udder...none of which should impact on their breeding future.																								
Assessor	BRUCE BIRCH (Level 2 Accredited) Phone: 0428 363 063
