	A handful of Hfrs are prone to agitating whilst in crush. Few are keen to move away when in yards. All are easily handled and move smoothly thru race and crush.		
Handled With	Bikes , Dogs		
Assessor Comments	17 Well grown hfrs, 22 - 24 months of age, with CAF by Angus sires. These hfrs are very well bred , coming from some great background bloodlines, with the cow herd showing frame, depth and bone. These hfrs will continue to grow and mature into very attractive future breeders. Ideal entry level Hfrs and calves that will be an asset for many years. Hfrs have been running back with Bulls since calving. Very abundant season on farms at present, hfrs should have joined well. PTIC sisters in same sale.
