Assessor Comments	A nice even line of Angus cows that are all one mark and were purchased off Auctionsplus back in 2022 as weaners. They have done an awesome job on their first calf which will be weaned at delivery. They are PTIC from 2.5 to 4.5 months. They were good to handle through the yards and they have been used for rotational grazing at a horse stud so they are also quiet in the paddock. These cows are by Knowla, Dunoon and Dulverton sires.
