	Very easy cattle to handle. They have had a lot of exposure to handling and yards with regular rotational grazing patterns and this also makes the cattle quiet. They were through the yards and every heifer just took their turn and stood on the scales. Not one heifer moved on the scales during the whole process. Exceptionally quiet							
Handled With	Bikes , Vehicles , 4 wheel bike							
Assessor Comments	All the Yala Yala cattle are well handled and a pleasure to work. A wonderful opportunity to secure quiet cattle to establish an Angus herd or to add to any established herd. They are in sensational condition to go into calving. Big bold well-conditioned heifers for a lifetime as quality breeders. Highly recommended for those looking for quality cattle. Blackstone Angus bulls in 3/7 to expect calves on or about 11th of April perfect for the opening rains. Purchased as the best heifers available specifically to join.
