| Assessor Comments                                             | A good line of weaned Euro Cross Steers. These Steers are the leads of the 2024 weaner Steer drop and show exceptional weight for age. Steers are very good thick set types that show good softness, depth and length of body. These Steers are all vendor bred out of the vendors Crossbred Cow herd and are all by Pitkin's Simmental Bulls. Steers are ideal for a backgrounding operation to take through to heavier weights to suit Domestic and Export markets.                                                                                                                                          |                                     |      |                 |      |              |       |           |                                                               |                                                               |                                     |   |      |      |     |  |  |  |  |
