Assessor Comments	A good even line of mostly Angus with some Angus/Xbred heifers, 325 to 378 kgs to avg 348 kgs (14 HOURS OFF FEED). An obvious tail has been removed. These heifers are not station mated, have been scanned undetectable - are easy to handle both in the yards and paddock. They are fresh in the coat and going ahead well in condition. This is a fantastic opportunity to buy good quality Chesterfield feeder heifers! (Agent happy to scan tags for buyer at no cost if required). Additional two lines of heifers in this sale as well.
