| Breeds | Sire | Dam |
|---|---|---|
| 24 Head | Angus | Angus |

Ext. Breed: 1 steer displays a splash of white on the navel. 7 steers have a pink eye scar in 1 eye and 2 steers have a scar in both eyes. These are all very minimal and in my opinion all feedlot acceptable.

Horn Status: 24 Polled

Age: 7 - 9 Months
Age Brands: 2023 drop 'U' Steers

Weaning: Cattle weaned 08/03/2024 — Yard weaned since the 8th of March. They have been fed silage and handled daily during this time.

Assessment: Individual on 11/03/2024 Sampled: 24 Head (100%)

| Temperament | Yards | Crush | Paddock |
|---|---|---|---|
| | Quiet: 14 head<br>Slightly Stirry: 9 head<br>Stirry: 1 head | Quiet: 16 head<br>Slightly Stirry: 8 head | Temperament not assessed in Paddock |

These steers had only been weaned 3 days before assessment. When applying pressure to move steers around the yards they are flighty and want to move away from you. 8 steers were agitated in the crush but all were calm when through the draft and back with the mob. They are being run through the yards daily while being yard weaned which will benefit their temperament. No steers are aggressive.

Handled With: Bikes , Dogs , Horses

Assessor Comments: 24 Eaglehawk and Millah Murrah blood Angus steers. A very even line of steers that will be 10 days weaned by delivery. These steers are up to date with all their animal health treatments and have been since birth. All frame and no waste these steers will jump ahead given the opportunity. Steers are the ideal article to background for the feedlots or grow out further to kill weights. The Mopoke cattle are renowned performers.

Assessor: **Ben Willis (Level 2 Accredited)** Phone: 0401 396 771
