These weaners have all the right bloodlines and genetics and are best described as medium to large frame relative to age. Weaners have been weaned for over a week to two weeks at delivery and are very well educated by vendor through yards. A very reputable line of cattle for sale that have plenty of bone, length & confirmation. Heifers have a good performance record and will suit to grow out to heavy feeders or would very much suit a future breeder program . There is 3 x heifers with a slight wheeping eye all not seen as problem at assessment but will be monitored for delivery also 1 x heifer noticed with small wart on eyelid. Buyers also there are 14 x #3 heifers noticed in mob the balance all #4. Note 2 x family brands in this line.
