Assessor Comments	Attention all restockers today you have the chance to secure 105 very well bred Charolais and Charbray Heifers. This is a great and very neat line of young future breeders. All of the Heifers are sired by Kandanga Valley Charolais and Charbray Bulls. On assessment the Heifers averaged 167kg on delivery and are ready to continue to grow into whatever you desire. Their temperament is a credit to the vendor, these Heifers are very soft and easy to handle and it is clear to see they are handled with low stress stock handling skills. Please note all these Weaners have been part of a cell grazing program and have been trained to a single electric fencing system. Cattle are located in the tick area and will require clearing prior to moving across the tick free line at the purchases expense. The Vendor has pretreated to help make this process easier. Please also note vendor also has a line of Steers in the same sale.
