Assessor Comments	Attention buyers today on offer we have 90 Charbray and Charolais Steers. This is a great run of Steers to put away and watch grow. All of the Steers are sired by Kandanga Valley Charolais and Charbray Bulls. On assessment the Steers averaged 160kg and are all showing great frame and shape for their age. The temperament of the Steers is a credit to the vendor, these Steers are very soft and easy to handle and it is clear to see they are handled with low stress stock handling skills. Please note all these Weaners have been part of a cell grazing program and have been trained to a single electric fencing system. Cattle are located in the tick area and will require clearing prior to moving across the tick free line at the purchases expense. The Vendor has pretreated to help make this process easier. Please also note vendor also has a line of Heifers in the same sale.
