The slightly stirry steers were in the crush when caught in the head bale, all walked away when released. The stirry steer repeatedly attempt to jump out of the crush but did eventually settle & walked away from the crush.

Handled With	Bikes
Assessor Comments	These cross bred steers are suited to a backgrounder to take through to heavy feeder weights, could also be taken on yearling bullock weights. The steers will perform on improved pasture. There was 1 brindle and 1 black & tan steer in the mob, see photos. Were very good to handle in a big holding yard were photos & video were taken. Vendor has Angus & Angus x steers same sale.
