Assessor Comments	Annual sale of a small line of pure shorthorn heifers can be registered with the society presenting in forward condition heifers have all been weaned and going forward. Heifers are stacked with genetics, calves are A.I sired by Spry Cracker Jack, and backed up by Furtruity Quombone. Heifers are out of reputable bloodlines such as Spry Kamilaroi Shorthorn blood cow base. Heifers have all been worked and handled by school-children and temperament is an absolute feature. Buyers please note 1 heifer with pink eye scarring. Buyers a good run of heifers that are surplus to requirement of the stud that will suit to register back to a stud as stud future breeders or keep commercial stuiable shorthorn female replacements. Heifers are a pleasure to handle and will a valuable asset in future.
