Steers have all outstanding temperaments and were very easy to work with in a professional environment.

Handled With: Bikes , Vehicles

Assessor Comments: Buyers on offer is the second draft of the very renowned Berrembed Station steers that are all Dunoon blood. These steers are extremely well known across the country as being some of the highest performing steers for weight gain and weight for age. Steers are all weighed into a very tight weight bracket and would be ideal steers to background for a small amount of time into feeder weights or grow into heavy kill steers. These steers are usually grown into feeder weights however due to a dry season they are being offered early. A neat b double in the seconds all weighed from 285-315 Kgs full. Potential

	purchasers can bid with upmost confidence of buying some of the industries best Angus steers. Please note that there are two other drafts of these steers in the same sale. Feel free to contact for any questions.
