The steers were drafted prior to assessment but pushed up the race without any undue pressure and showed very little distress with only 1 steer becoming mildly restless on the scales but settled once re-entering the mob.

Handled With: On foot

Assessor Comments: Offering a line of long bodied steers with plenty of frame presenting in a healthy forward store condition. These steers are sired by a shorthorn bull out of angus cows and would be suitable to be grown out to heavy export weights or to step straight into a feedlot program. With a herd focus on temperament, these steers are extremely quiet and easy to handle allowing buyers to purchase with confidence. Steers are Grass Fed Antibiotic free.
