Assessor Comments	A small line of young ewes on offer with their life in front of them and excellent rebate on their back. These ewes are best described as large frame with all their growing done. These young ewes have 11 months wool, ready to shear and join to ram of choice. Bred from top quality rams that have been purchased in over recent years. Vendor owns Coban Merino Stud and have purchased some excellent genetics over the last three years. Ewes are surplus to requirements with bright stylish wool on their back. They have not been station mated nor scanned. Vendor also has two other lots in same auction.
