Assessor Comments	A Good line of Young Border x Merino Ewes SIL to Poll Dorset & White Suffolk rams to lamb July for 5 weeks. These ewes have produced all their lives and had lambs when they were lambs themselves. These ewes were rejoined when they had lambs at foot and fell back in lamb while lactating, this shows the fertility of the flock. The lambs produced from these ewes grow out to trade and export markets and previous purchases of the off spring of these ewes have been extremely happy with the growth and the shape of the lambs. Ewes present in forward store condition and will lamb down well if given the opportunity. ** Note 2 Other lots in same Sale** 279 Comp x Ewes mixed age & 510 2021 drop Border x Ewes all SIL**
