Assessor Comments	A neat run of NSM Merino ewe hoggets. Ewes present in strong store condition and have done well since shearing. These ewes are sired by Hazeldean rams out of ex-Romani Pastoral ewes (Hazeldean blood) with small percentage out of Tara Park blood ewes. Ewes would be a good opportunity to get some quality genetics and to grow out and join. Ewes would respond well to crop or grain and have recently cut 3kgs at 6 months wool. Ewes had a scabbyguard at marking as well as OJD shot and are mulesed. Please note: Agent can arrange freight to Riverina with weekly market trucks to Wagga.
