Assessor Comments	A neat run of Merino wether hoggets. Wethers present in strong store condition and have done well since shearing. These wethers are sired by Hazeldean and Greendale rams out of ex-Romani Pastoral ewes (Hazeldean blood) with small percentage out of Tara Park blood ewes. Wethers present a good opportunity to put away and forget about. They should mature into good wool growers if given the opportunity. Wethers would respond well to crop or grain and have recently cut 3.5kgs at 6 months wool. Wethers had a scabbyguard at marking as well as OJD shot and are mulesed. Small tail removed at assessment. Please note: Agent can arrange freight to Riverina with weekly market trucks to Wagga. Yellow tag in wethers was for management purposes. Wethers are genuine 18-19 months old.
